

## 2005 Frogmore Creek Pinot Noir

Frogmore Creek wines are estate-grown in south-eastern Tasmania, a cool-climate island state located 200 miles south of continental Australia. Due to its location and southerly latitudes (41 - 44°S), Tasmania enjoys a cool-temperate maritime climate which has proven ideal for producing premium quality 'cool-climate' table wines.

Tasmania is also renowned for the quality of its seafoods, beef and lamb, apples, stone-fruits, and vegetables, as well as its beautiful coastal and mountain scenery. Tasmania's wines and foods are widely represented on the menus of many of Australia's best restaurants.

The major grape varieties grown at Frogmore Creek Vineyard are Pinot Noir and Chardonnay, although there are also smaller quantities of Riesling and Sauvignon Blanc. The vineyard was the first certified organic vineyard in Tasmania.
